

**Article: P1110C1**

**Product Family: GN Polycarbonate**

## **Polycarbonate container GN 1/1 100 mm deep**

Pujadas polycarbonate gastronorm pans deliver outstanding clarity, strength, and durability for demanding foodservice operations. Made from high-quality polycarbonate, they allow clear product visibility without lifting the lid, helping streamline service and reduce unnecessary handling. With a temperature range from -40°C to +99°C, they are ideal for cold storage, preservation, and display. Reinforced edges and a thicker structure provide added strength, secure stacking, and long-lasting performance in professional kitchens.

### **MODEL INFORMATION**

EAN 13	8421661111027
(W) Width (CM)	53
(D) Depth (CM)	32.5
(H) Height (CM)	10
Capacity (L)	13.3
Weight (KG)	0.88
Construction Material	Polycarbonate
Material Type	Polymers
Case Lot	12
Case Width	55
Case Height	43

### **Features & Benefits**

- Durable, high-impact polycarbonate construction
- Crystal-clear transparency for quick product identification
- Temperature range from -40°C to +99°C
- Reinforced edges for heavy-duty use
- Thicker structure to resist warping and cracking
- Stackable design for safe and stable storage
- Textured corners to help prevent scratching
- External capacity graduations for quick reference
- Ideal for storage, prep, holding, and transport
- Corrosion-resistant and built for daily commercial use
- Compatible with Polinorm lids
